

# PROJECT BAR CHAIR

designed by Marjan Žitnik

## A stackable solution that's stylish and stable

Contemporary designer Marjan Žitnik created a new bar chair that is perfect for offices, restaurants and homes. A reinterpretation of the 4455 Chair, the Project Bar Chair is made to be light and stackable for ease of use. While sleek in its design, the chair is stable in its construction, allowing you to fully lean back for ultimate comfort.
